

Extreme Rentals USA Joins the ABLE Equipment Rental Team

Manassas, Va. – July 25, 2022 – Whitecap is pleased to announce that it recently exited its investment in Extreme Rentals USA upon the sale of the Company to ABLE Equipment Rentals, Inc. Founded in 2019 as Power Rentals, after many successful years servicing the equipment rental and service needs of contractors, sub-contractors, and industrial firms in the Northern Virginia and DC markets as an independent operation, Extreme Rentals has made the decision to join the Able Equipment Rental team.

ABLE is a privately-owned equipment rental company, with various locations serving the Northeast markets of NY, NJ, CT, PA, DE and is looking to expand into the market. We believe ABLE's larger fleet, greater financial capabilities and reputation for best in-class equipment and service makes them an ideal fit for Extreme Rentals' employees and customers.

We want to thank all our employees and customers for their support in building Extreme Rentals USA and wish them all the best in the future.
